hs2417@srmist.edu.in | 7294015987 | 2027

B.Tech, Computer Science and Engineering

Address : ESQ Hostel- B Block

Room number- 601-B

Contact Number- +91 80560 16637

SRM University, Kattankulathur, Chennai, Tamil Nadu

Pincode - 603203

Education

SRM IST-Kattankulathur

B.Tech · Computer Science

2027

CGPA - 9.08/10

Holy Mission Senior Secondary School

Class XII - Central Board of Secondary Education

2020

Percentage - 92.2%

Ishan International Girls School

Class X - Central Board of Secondary Education

2018

Percentage - 91.4%

Experience

RCOTBA GROUP OF INDUSTRIES | [Offer Letter](#)

Aug 2025 - Present

Web Developer · Remote

Currently working as a Web Development Intern, contributing to frontend development by building responsive web pages using HTML, CSS, and JavaScript.

VAULT OF CODES | [Certificate Link](#)

Oct 2025 - Nov 2025

Web Developer · Remote

Completed a one-month internship where I worked on basic web pages and improved my understanding of core frontend development concepts through hands-on practice.

ACCENTURE | [Certificate Link](#)

Jul 2025 - Oct 2025

Web Development Intern · Remote

Worked as a Web Development Intern, where I built simple web pages using HTML, CSS, and JavaScript and learned how real-world frontend development works.

Projects

AI Resume Screening & Candidate Evaluation Platform | [Project Link](#)

Feb 2026 - Present

· React.js, Node.js, Express.js, MongoDB, Mongoose, Material UI, JavaScript, HTML, CSS, REST APIs, Git, GitHub

Full Stack Web Development | AI-Assisted Recruitment System

Developed a full-stack AI Resume Screening Platform that analyzes resumes, extracts skills, calculates candidate scores, and provides a recruiter dashboard for efficient candidate evaluation and management.

Code Plagiarism & Similarity Detection System Using Structural and Semantic Analysis | [Project Link](#)

· Python, C/C++, AST Parsing, Lexical Analysis, Flask/Streamlit, Agile (Scrum)

Software Engineering

Currently developing a code plagiarism and similarity detection system for Python and C/C++ that analyzes source code using lexical analysis, AST-based structural comparison, and semantic logic to identify logically similar programs.

Mental Health detection from Text using NLP & ML | [Project Link](#)

· Python, NLP (NLTK), Machine Learning (Scikit-learn), TF-IDF, SVM, Flask, HTML, CSS, Git, GitHub

AI & NLP-based ML Web Application

Developed an NLP-based mental health detection system using TF-IDF and SVM, deployed as a Flask web application for real-time text classification.

Landslide Detection using Machine Learning | [Project Link](#)

· Python, Jupyter Notebook, NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow, OpenCV, CNN, Git, GitHub

Machine Learning

A machine learning-based system that detects landslide-prone areas using image processing and predictive analysis techniques for disaster management and early risk identification.

Certifications

Networking Basics | [Certificate Link](#)

CISCO

Gained a solid understanding of basic networking concepts, including how networks work, IP addressing, and common protocols used in everyday systems.

HTML, CSS and JavaScript for Web Developers | [Certificate Link](#)

Coursera

Learned to build responsive and well-structured websites using HTML, CSS, and JavaScript, with a strong focus on practical frontend development.

Database Structures and Management with MySQL | [Certificate Link](#)

Coursera

Completed a hands-on course focused on understanding relational databases, writing SQL queries, and managing data efficiently using MySQL.

Introduction to Machine Learning - NPTEL | [Certificate Link](#)

NPTEL - IIT Kharagpur

Completed an introductory machine learning course covering core concepts, basic algorithms, and model evaluation through assignments and a proctored exam.

Sharp Mind (The Extra Classes) | [Certificate Link](#)

Be for Nation (Trust)

I participated in a 30-day social internship with Be For Nation (Trust) under the SHARP MIND (Extra Class) initiative, where I got the opportunity to contribute to educational and social welfare activities. This experience helped me understand grassroots work, teamwork, and the importance of giving back to society while representing SRM University, KTR, Chennai.

SAP Learning Basic ABAP Programming - SAP Learning | [Certificate Link](#)

SAP Learning

Developed foundational skills in ABAP programming, SQL, object-oriented concepts, and SAP application development using SAP development tools and environments.

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate |

[Certificate Link](#)

ORACLE

Developed foundational knowledge of Artificial Intelligence, Machine Learning, and Oracle Cloud Infrastructure, including cloud services, AI concepts, and practical applications.

Oracle Fusion Cloud Applications ERP Process Essentials Certified – Rel 1 |

[Certificate Link](#)

ORACLE

Developed understanding of Oracle Fusion Cloud ERP processes, enterprise resource planning concepts, business workflows, and cloud-based application management used in modern organizations.

Geodata Processing using Python and Machine Learning | [Certificate Link](#)

IIRS (Indian Institute of Remote Sensing)

Developed knowledge of geodata processing using Python and Machine Learning techniques, including spatial data analysis, remote sensing concepts, and data handling for geographic information systems applications.

Skills

Programming Languages: Python, JavaScript, C++, SQL

Languages and Frameworks: React.js, Node.js, Flask, Scikit-learn, TensorFlow

Tools and Technologies: Git, Github, Docker, MongoDB, MySQL, VS Code

Technical Skills: Rest API Development, Full Stack Development, Web Development, Authentication & Authorization, CRUD Operations

Domain Knowledge: DBMS, Operating Systems, Computer Networks, OOPs

Areas of Interest: Machine Learning, Cloud Computing, NLP, Web Development
